

Irish Territory—The Mormons.
Recent letters from the Valley of the Salt Lake, and from the Valley of the Great Salt Lake, have been received, and are of a nature to excite much interest. There is no friendship between the Mormons and the Gentiles. The Mormons are a quiet, industrious, and peace-loving people, and are not at all to be feared. They are a people of a different race, and of a different religion, and are not to be compared with the Irish. They are a people of a different race, and of a different religion, and are not to be compared with the Irish. They are a people of a different race, and of a different religion, and are not to be compared with the Irish.

RAILROAD ACCIDENT.—The engine, tender and one car of the passenger train on the Danville railroad ran off the track at Tomsahaw station yesterday morning. The accident was caused by the misplacement of a switch at the station, and it being totally dark at the time at which the train passed, the engineer did not observe the disarrangement until the engine and tender had run off the track and "stuck in the mud." Luckily no one was injured by the accident.—Rich. Dis.

TRIBUTE OF RESPECT.—Hon. John S. Pendleton, yesterday, offered in the Circuit Court, Judge Field in the Chair, and Henry Shackelford, Secretary, a preamble and resolutions on the death of the late John M. Patton. A number of citizens participated and the proceedings were unusually interesting. Mr. Pendleton prefaced their introduction with a brief sketch of the public and professional career of Mr. Patton, closing with a feeling and beautiful tribute to his memory.—Blue Ridge Rep.

TRIAL OF THE REV. DANIEL DOWNEY.—The trial of the Rev. Daniel Downey for the murder of Wm. Mullins last December, commenced on last Friday. The evidence in substance, was the same as that published at last trial. Speeches have been made by Messrs. Baylor, Skinner, Bell, Baldwin and Michie, and the case for the prosecution will be closed by Col. Harman to-day (Saturday).—Staunton Indicator.

The Staunton Indicator says.—Thursday morning, we had quite a brisk snowstorm, but it melted as fast as it fell, so that nothing remains. For the last ten days we have been blessed with copious rains, benefiting greatly the wheat which has been already sown, and enabling the farmers to finish their seeding, many of whom had been stopped on account of the drought. The corn crop is said to be better than was supposed before gathering time.

Dr. J. Conway Bruns.—It will be with regret that many of our citizens will learn, that Dr. J. Conway Bruns has determined upon removing to Middleburg, where he will continue the practice of his profession in connexion with Dr. Cochrane of that place. Dr. Bruns, through a resident of this city for comparatively a short period, had secured a large practice, and won the esteem and regard of all who know him. While regretting his determination, we are pleased to learn that his interests will be advanced by the change. He will take with him to the new field of his labor and usefulness the best wishes of a host of friends. His thorough knowledge of the profession he practices, and his skill and ability, should secure for him an enviable position.

MARSHALL HOUSE.—This hotel has again changed proprietors. Mr. G. W. Galsby, has disposed of his lease to Mr. Martin Maddox, formerly proprietor of the City Hotel. Mr. Maddox has taken charge, and his well known qualifications for the position, will secure to the house a full share of public patronage.

COMMITTED.—Horatio McCoy, a free negro, was committed to jail on Saturday, by Justice Price, to answer at the next term of the County Court, for stealing some penknives of the value of \$10.50, the property of Mr. Jas. F. Carlin. The negro confessed his guilt.

ACCIDENT.—One of our citizens, on Friday night last, walked in his sleep out of a second story window, and falling to the ground, was considerably though not seriously injured.

PROFESSOR DONALD MACLEOD will give Readings and Recitations at the Lyceum Hall, on Tuesday evening next.

We are requested to say that jurors attending at any Court, must claim their attendance when they are discharged. Persons attending as witnesses must claim such attendance within sixty days, or they will be excluded from remuneration for their services.

WASHINGTON ITEMS.—FIRE IN THE CITY.—About eleven o'clock, on Thursday night, a fire broke out in the barn of Mr. Edmund Brooke, on his farm in Montgomery county, (Md.), opposite the Little Falls, and near the receiving reservoir of the Washington Aqueduct, whereby a large store of hay, oats, and straw, together with the whole of his farming utensils and four valuable horses, were consumed. The origin of the fire is not known. The loss sustained will be from two to three thousand dollars.

A GREAT HOTEL.—A plan is on foot to build a hotel on the east side of Seventh street, on square No. 455, fronting 363 feet, running east on F street 150 feet, and east on G street 150 feet; said hotel to be six stories high; the cost not to exceed the sum of \$500,000; to be in a joint stock company, in shares of not less than \$100. The entire property to be purchased for the account of the company. The said company to be organized by subscribers in sums not less than one thousand dollars each.

ARTESIAN WELL.—We understand that a well of this description is now in course of sinking on the property of Amos Kendall esq., at Kendall Green. So far as we know this is the first attempt in this city or in its immediate neighborhood at such an enterprise, and its success will scarcely fail to be matter of interest amongst our citizens, even in the face of the expected plentiful supply by the Washington Aqueduct. The engineer is Mr. J. H. Stearns, and the depth already attained is fifty feet.—Nat. Int.

ADVERTISING.—Last night, about 12 o'clock, a gentleman residing in a central locality of the city, was returning to his home from Brown's Hotel, where he had been spending an evening with a friend, when, as he came to the triangular space opposite the market, he was met by a man, who when he drew near him, sprang sideways by him, and caught hold of his watch chain, to which was attached a valuable gold chronometer, and wrested it from his fob. So violent was the effort that the heavy links of the chain were broken under, and the watch fell upon the pavement. The robber then made a spring to recover it, but was frustrated in his attempt by the owner, who dealt him such a blow with his fist upon the side of the head as to knock him sprawling in the gutter, several feet distant. Fearful that the villain had accomplices at hand, with whom it would be dangerous to contend, the gentleman secured his property, and trusted to his heels.—Wash. Star.

The Washington Star states that a short time since, a respectable colored book driver, named Cornelius Clark, was most outrageously swindled out of \$3,000 by a Gypsy woman.
